2. Can applicants retake an exam? 21

3. How do I grade manually submitted exams? 21

4. Can I export applicant data? 21

5. What should I do if the WPM test shows no result? 21

6. Is applicant data secure? 21

7. Can I track how many attempts an applicant has used? 21

I. INTRODUCTION

Welcome to the Applicant Assessment Admin Manual. This document provides comprehensive guidance for administrators using the Applicant Assessment System. The system is designed to streamline the process of managing, evaluating, and tracking applicants through various exam types, including Multiple Choice Questions (MCQs), Audio Simulations and Mock Call (ASMC), and Word Per Minute (WPM) tests. This manual outlines the functionalities of each section, including login procedures, dashboard navigation, applicant management, and exam configuration. It aims to ensure administrators can efficiently oversee the assessment process, maintain data accuracy, and uphold system integrity. For any technical issues or questions, contact the system administrator or IT support team.

II. SYSTEM OVERVIEW

USER ROLES

The system currently implements a single 'Admin' role designated for HR personnel. This role is granted full access, including the ability to reset applicant exam attempts, edit exam questions, and manage evaluation results.

DATA PRIVACY AND CONFIDENTIALITY POLICY

Prior to assessment participation, applicants are required to read and accept the terms outlined in the *Data Privacy and Confidentiality Notice*. This ensures they are fully informed of how their personal data will be collected, used, stored, and protected in compliance with legal and ethical standards.

The Applicant Assessment System processes applicant information, including names, email addresses, contact details, typing speed, audio/video recordings, and assessment responses. These data are collected solely for the purpose of evaluating applicants' skills as part of the recruitment process.

All collected data are:

- Stored securely and accessed only by **authorized HR personnel**.
- ***Retained for a maximum of two (2) years***, after which they are either anonymized or permanently deleted—unless a longer retention period is legally required.

- Handled with **strict confidentiality**, ensuring protection against unauthorized access or misuse.

The system adheres to the provisions of the *Data Privacy Act of 2012 (Republic Act No. 10173)* of the Philippines and follows ethical standards for the responsible handling of personal information.

III. GETTING STARTED

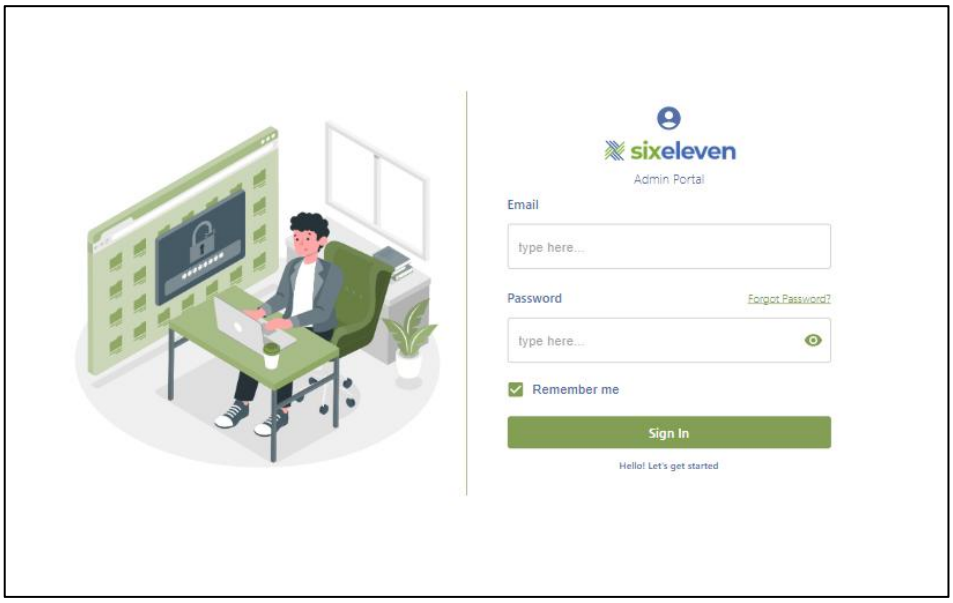

To access the Applicant Assessment System, open your web browser and go to the following URL:

https://nbpo.teaconcepts.net/611P/public/admin

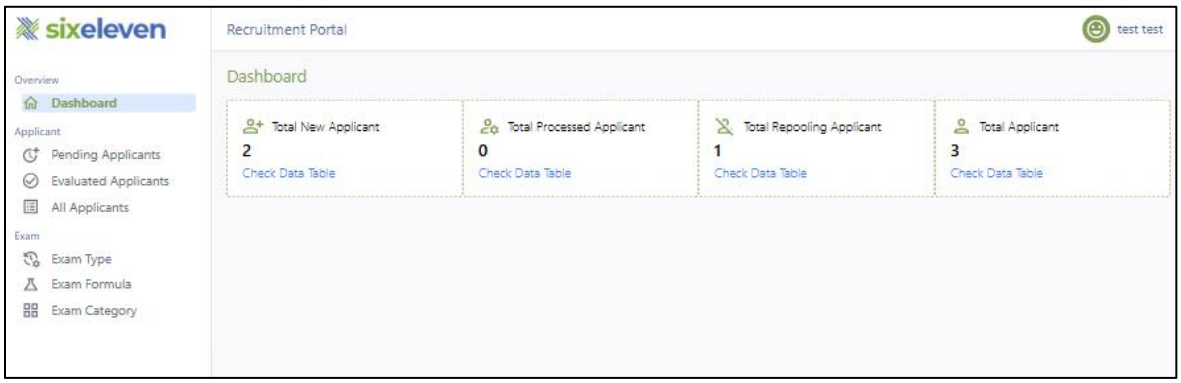

This link will redirect you to the Admin Login Page of the system, where authorized users can sign in using their assigned credentials.

A. LOGIN PAGE

The Login Page serves as the entry point to the Applicant Assessment System. Administrators must enter valid credentials (username and password) to access the system. Ensure that all login information is kept confidential to maintain system security.

B. DASHBOARD OVERVIEW

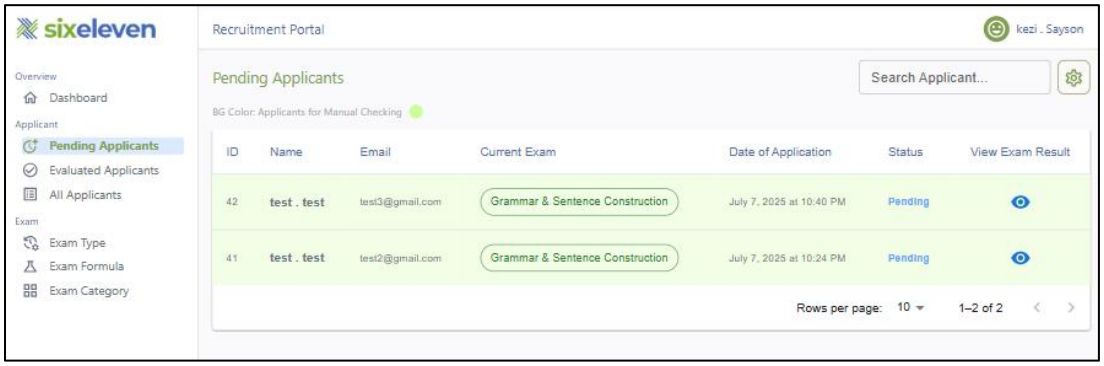

a) ***Dashboard*** : The Dashboard provides a snapshot of key metrics for applicant tracking:

- *New Applicants*: Shows the number of applicants who are newly registered.
- *Processed Applicants*: Shows the number of applicants who have completed the exam process.
- *Re-pooling Applicants*: Indicates the count of applicants who failed and are eligible for re-pooling.
- *Total New Applicants*: Displays the count of newly registered applicants.

C. APPLICANT TAB

a) Pending Applicant

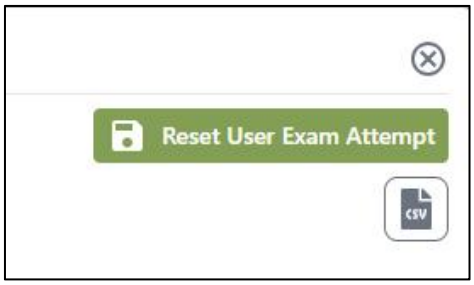

List of new applicant registered. Its consist of the name, email, exam number, status and date of application.

In Action, it will display the Applicant Assessment Result, this consist the total score and also the score per exam section.

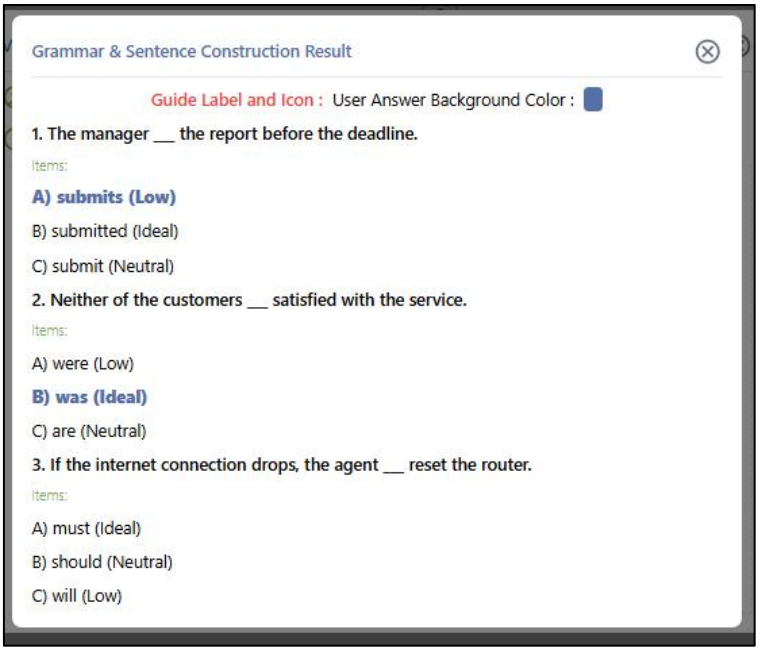

At the top-right corner of the pop-up, you'll see how many exam attempts the applicant has used. If the applicant has used all their attempts, a "Reset User Exam Attempt" button will appear. Click the button to reset the applicant's exam attempt, allowing them to retake the exam.

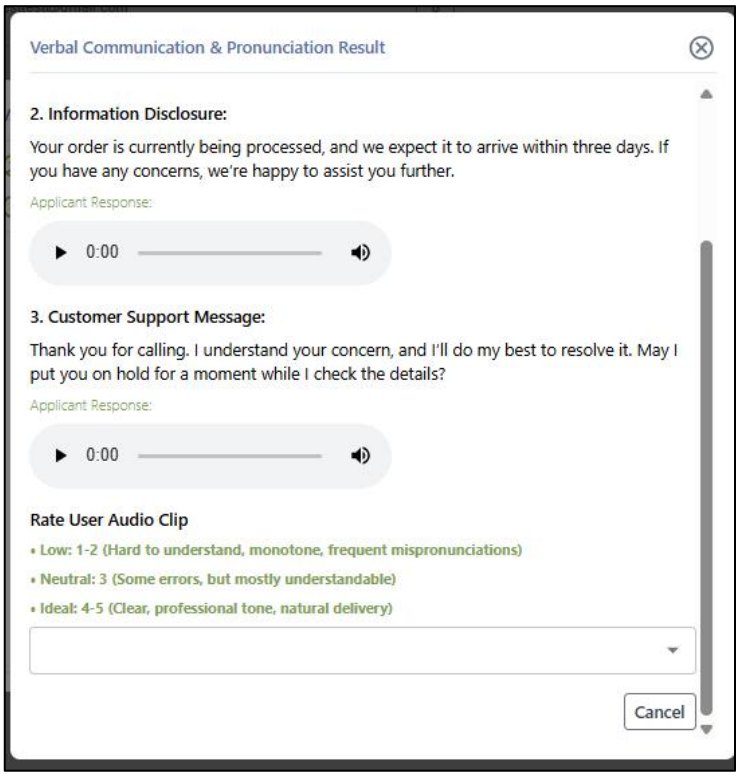

To review and grade the answers, click the underlined exam type (e.g., "Verbal", "Mock Call"). This will open the full answers for grading. There are two types of grading:

- Blue Dot – The exam is automatically graded.
- Red Dot – The exam needs manual grading by HR/Admin. This is usually when the applicant's answer is a voice recording, so HR needs to listen and check if the answer is correct.

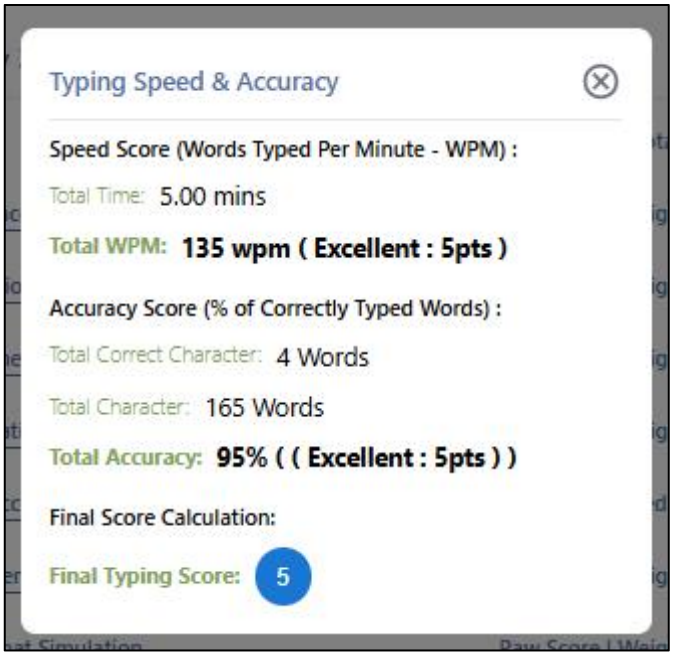

In **MCQ's** type, HR/Admin can view the question and the answer of the applicant. This is already graded automatically.

In **ASMC** type, admins can rate applicant answers on a scale of 1 to 5, where 1 is the lowest and 5 is the highest.

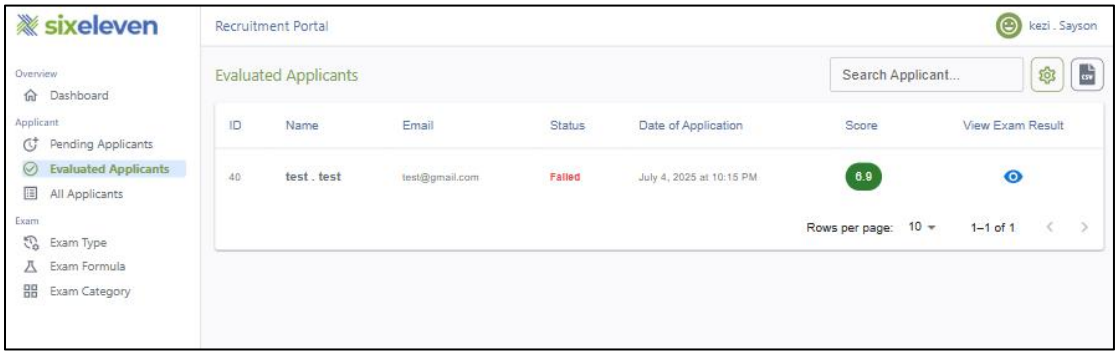

In **WPM** type, displays the applicant's Words Per Minute (WPM) and accuracy results.

b) Evaluated Applicants

List of Applicant that passed/failed the exam. Consist of ID, Name, Email, Status, Date of Application and Score. You can also generate a report by clicking the CSV icon in the upper left side.

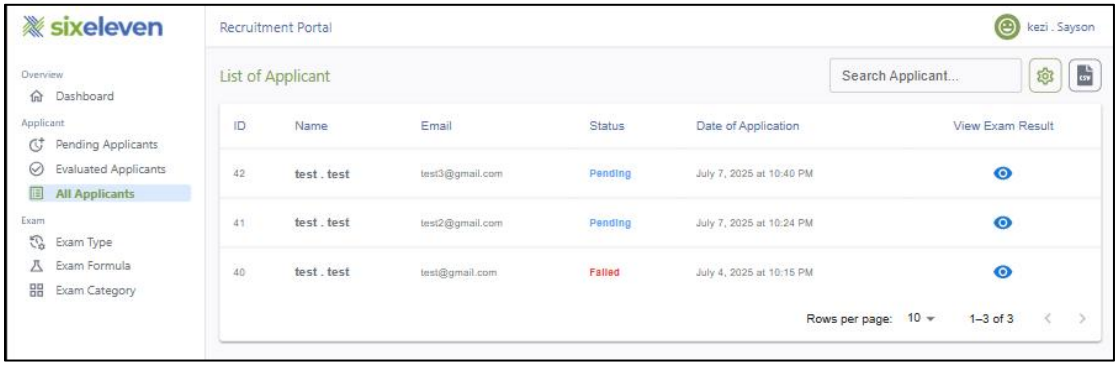

In Action, it will display the Applicant Assessment Result, this consist the total score and also the score per exam section.

c) All Applicants

List of all Applicants in the system. Consist of ID, Name, Email, Status,and Date of Application . You can also generate a report by clicking the CSV icon in the upper left side.

In Action, it will display the Applicant Assessment Result, this consist the total score and also the score per exam section.

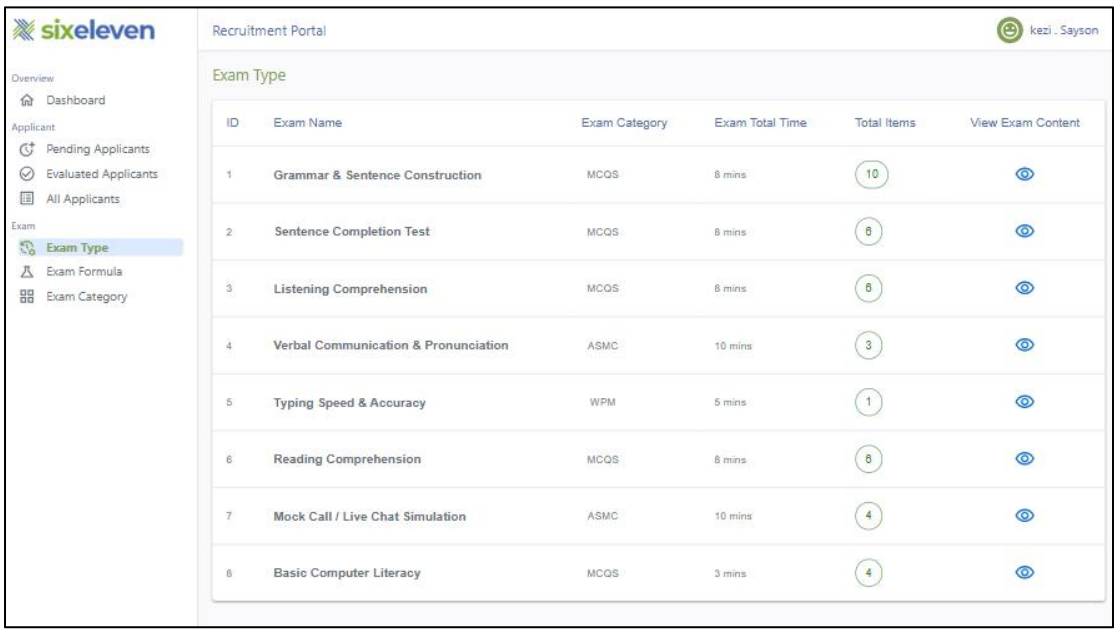

D. EXAM TAB

i. *Search Question* :Allows administrators to search for questions by typing the question name in the search bar.

ii. *Filter Exam Type* : Allow user to filter the table by Type (e.g., MCQs, ASMS, WPM). and Status (e.g., Active, Inactive).

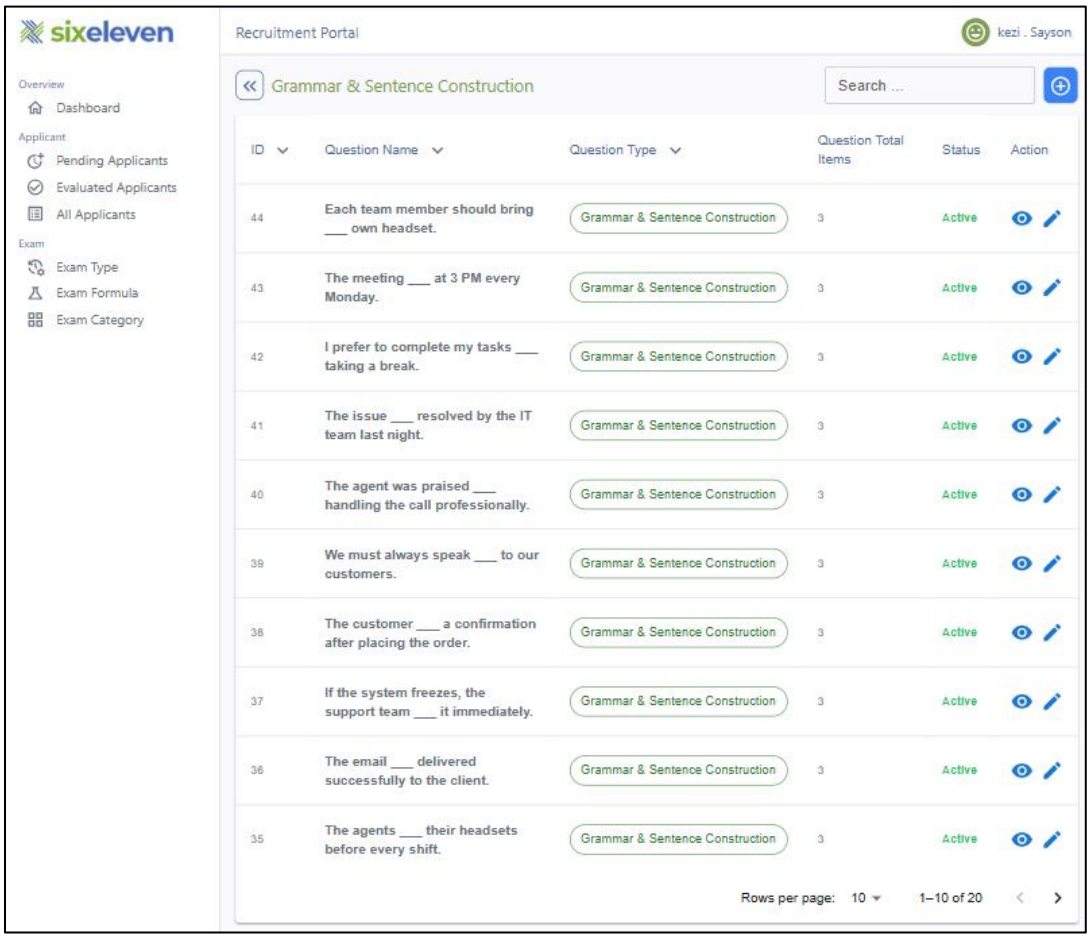

a) EXAM TYPE

Show the list of all Exam Type or Exam Sections, it consist of exam name, category, total time, and exam instructions.

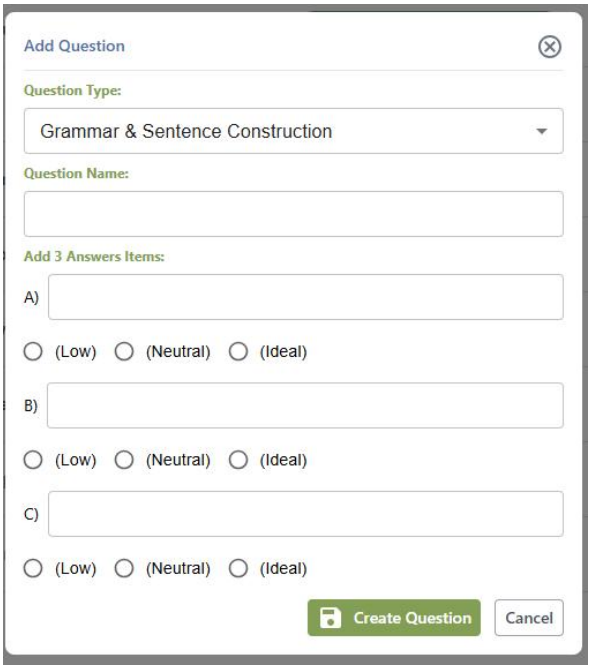

Under the View Exam Content, click the eye icon button to view the question bank of the selected exam type.

For **MCQs** Category:

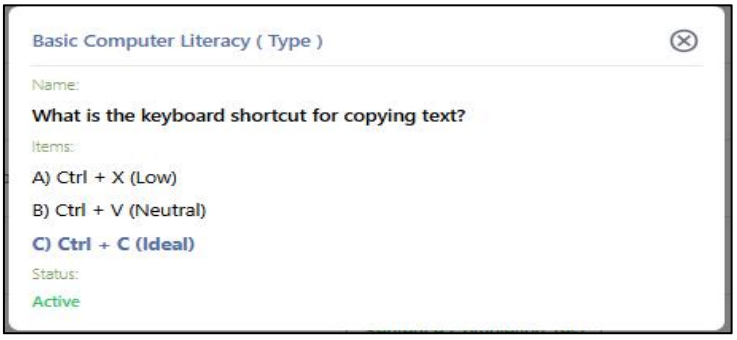

To add a Question Item

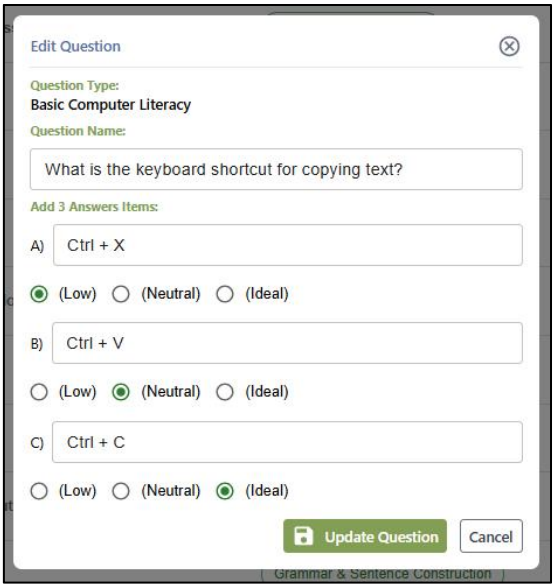

- By clicking the button, a pop-up modal will appear. The HR/Admin can input the question name and 3 answers item with different value: low, neutral and ideal.

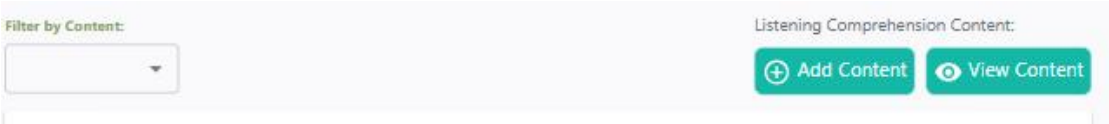

- *View Question Content*: The HR/Admin can view the question details: name, items and answer, by clicking the icon under the action column.

- *Update Question Content*: The HR/admin can modify the content of the selected question, including the question name, answer options, and values, by clicking the icon under the action column.

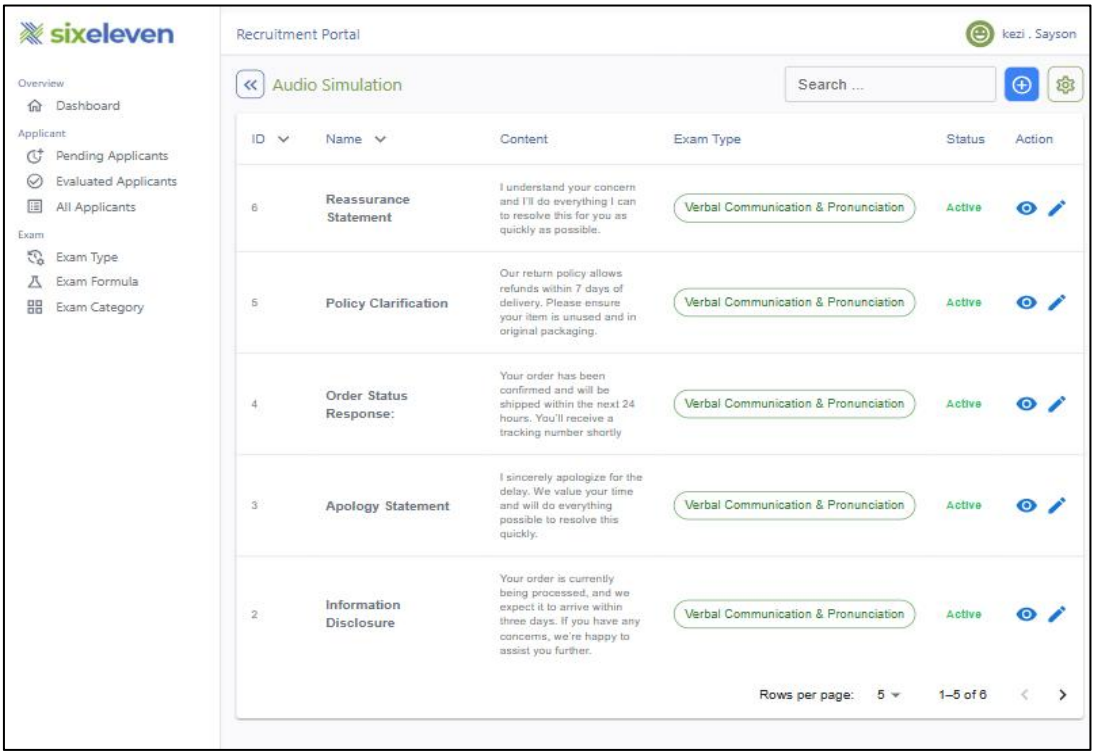

- ***With Audio or Passage Content***

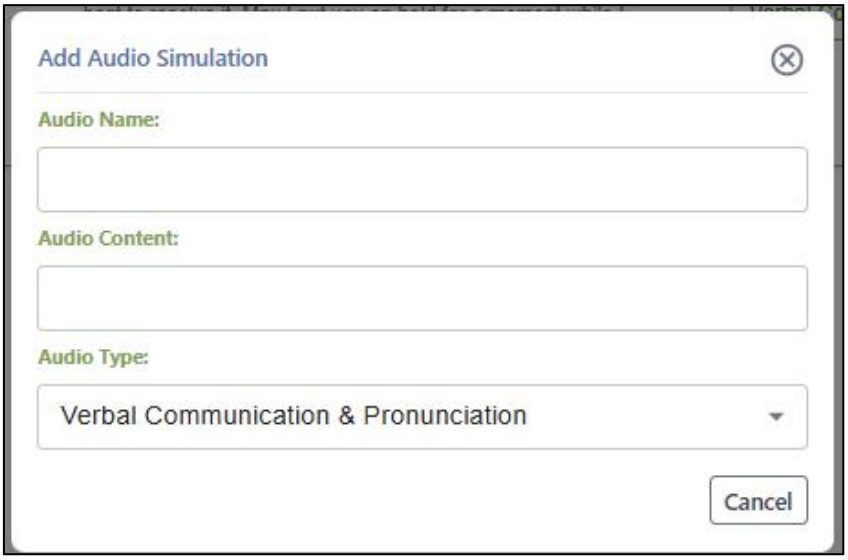

There are some of the Exam type with MCQs category that have an extra content such as audio simulation and passage content, where HR/Admin can add and update.

For **ASMC's** Category:

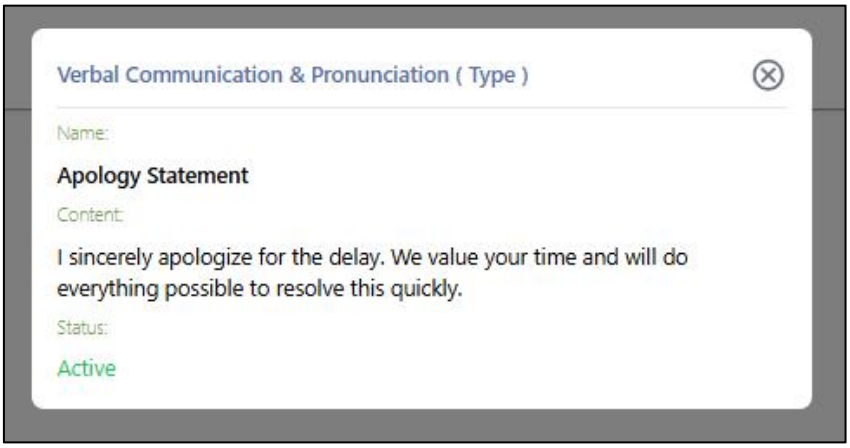

The Audio Simulation and Mock Call have different format in creating their content:

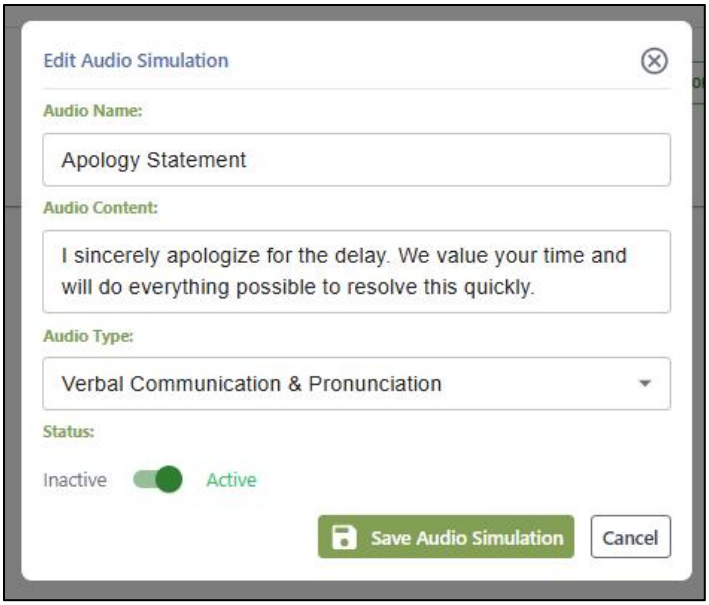

- ***Audio Simulation***
  - *Add Audio Simulation*: By clicking the button, a pop-up modal will appear. The HR/Admin can create a new audio simulation scenario.

  - *View Audio Simulation Content*: The HR/Admin can view the details of the content, by clicking the icon under the action column.

  - *Update Audio Simulation Content*:The HR/Admin can edit the name and content of the audio simulation, by clicking the icon under the action column.

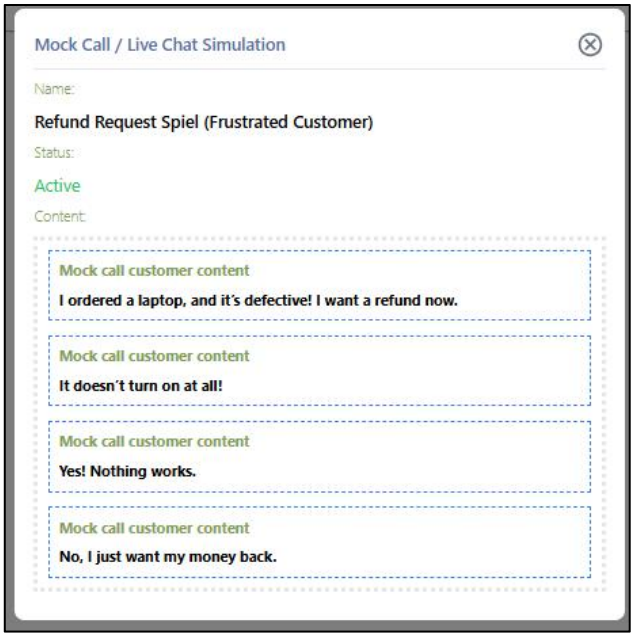

◆ ***Mock Call***

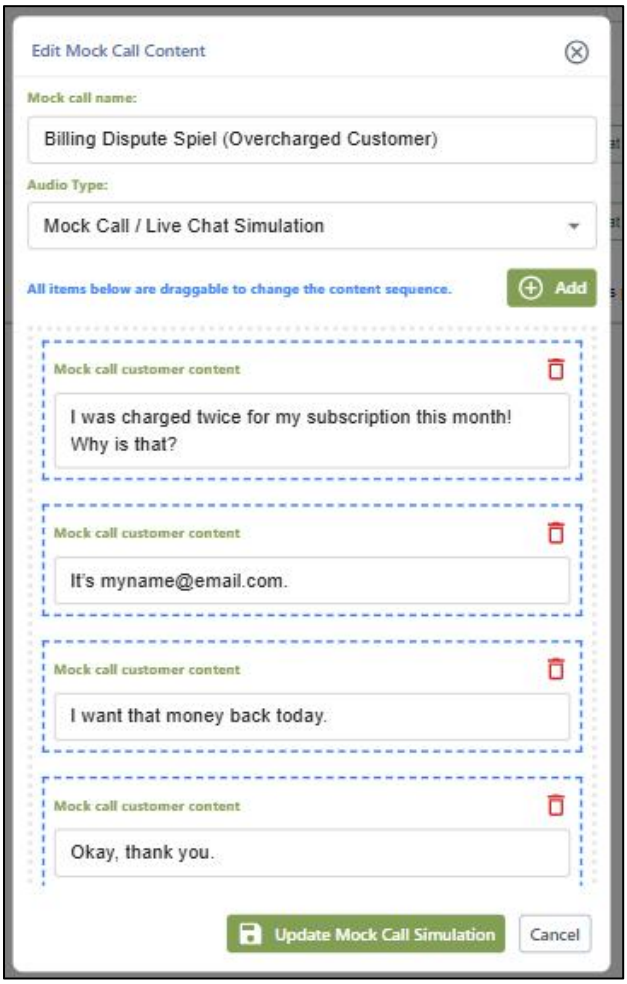

Add Mock Call Simulation:By clicking the button, a pop-up modal will appear. The HR/Admin can create a new mock call simulation or scenario.

✧ *View Details*: Display the name and content of the mock call simulations, by clicking the icon under the action column.

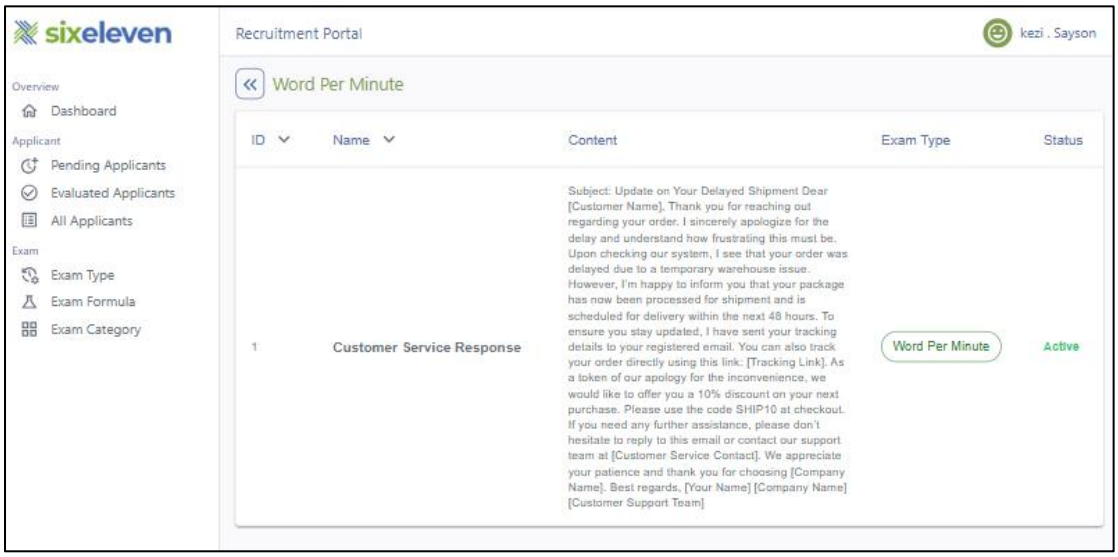

✧ *Update Content*: Allows HR/Admin to modify the content and adjust the sequence of the mock call simulations, by clicking the icon under the action column.

For WPM Category:

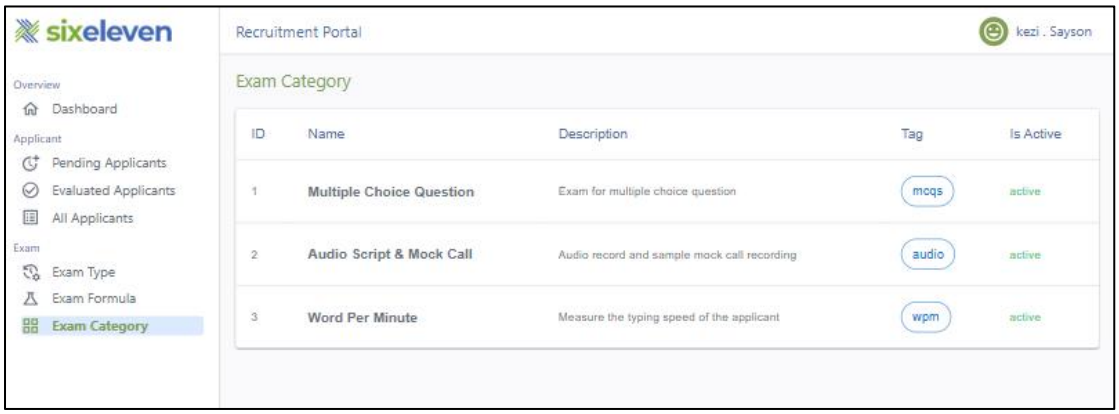

- ***Word Per Minute***

  Display the WPM name, content, exam type and status.

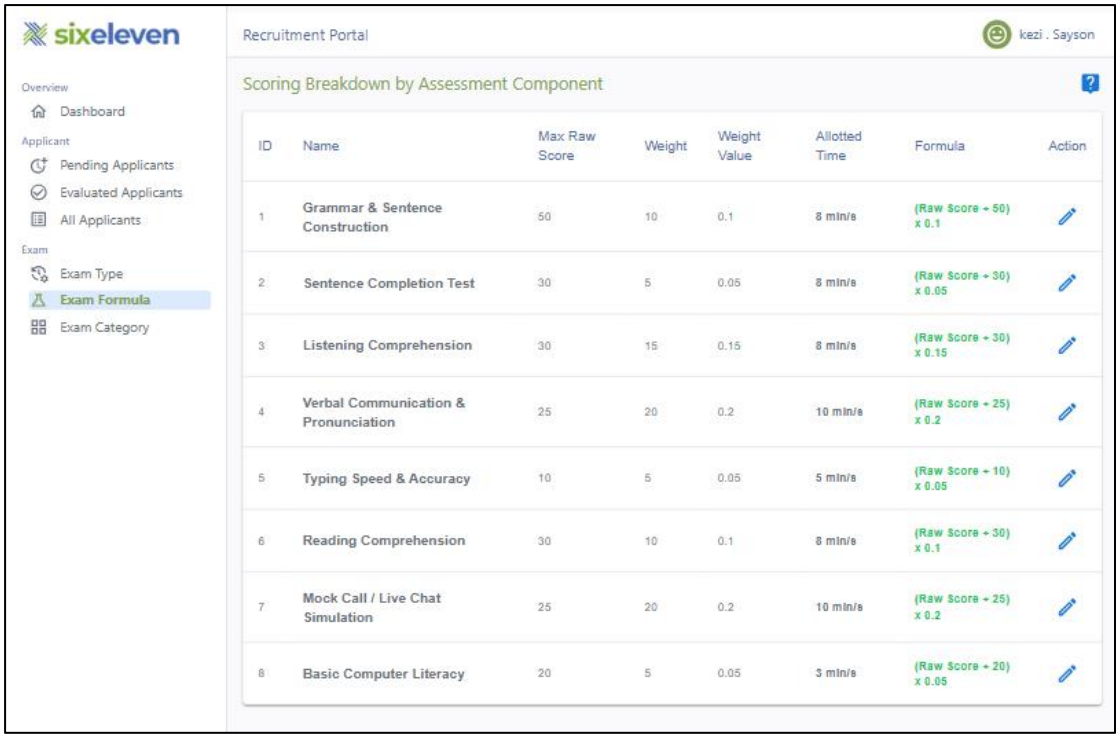

b) Exam Category

Show the list of all Exam Category which is the MCQ, ASMC and WPM.

c) Exam Formula

Presents the formulas and calculations used for scoring each exam section, ensuring transparency in the evaluation process.

*Note: The weighted score contributes to the final **1–10 suitability rating.***

- **Weighted Score Calculation**

To calculate the weighted contribution of a raw score to the final suitability rating:

$$\text{Weighted Score} = \left(\frac{\text{Raw Score}}{\text{Max Raw Score}} \right) \times \text{Weight Value}$$

To get the Raw Score:

Scoring Formula for MCQs Type

Each MCQ response is scored based on its quality and correctness:

Response Type	Description	Points
Low Response	Incorrect or unhelpful answer	1 pts
Neutral Response	Partially correct but not ideal answer	3 pts
Ideal Response	Best possible answer	5 pts

Raw Score : Sum of item points

Example Calculation:

Raw Score = 3 + 5 + 5 + 3 = 16
Weighted Score = (16 / 20) x 0.05
= 0.04

Scoring Formula for ASMC Type

Responses are evaluated on a **1 to 5 scale per criterion** across the following four dimensions: Empathy, Resolution, Clarity and Professionalism

Rating	Description
Low (1-2)	Dismissive, unhelpful, or lacks clear resolution
Neutral (3)	Provides resolution but lacks empathy or clarity
Ideal (4-5)	Professional, empathetic, and effectively resolves the issue

Raw Score : Sum of rating

Example Calculation:

Raw Score = 5 + 5 + 5 = 25
Weighted Score = (25/ 25) x 0.2
= 0.2

Scoring Formula for Typing Speed & Accuracy

Speed Score (Words Per Minute - WPM)

WPM Range	Category	Points
Below 30 WPM	Low	1 - 2
30- 40 WPM	Neutral	3
Above 40 WPM	Ideal	4 - 5

Accuracy Score (% of Correct Words)

Accuracy Range	Category	Points
Below 80%	Low	1 - 2
80% - 90%	Neutral	3
90% - 100%	Ideal	4 - 5

Final Typing Score Calculation:

$$\text{Final Typing Score} = \frac{\text{Speed Score} + \text{Accuracy Score}}{2}$$

Raw Score / 10 = Final Typing Score

Example Calculation:

Raw Score = (5 + 2) / 2
= 7 / 2
= 3.5

Weighted Score = (3.5) x 0.05
= 0.175

◆ **Total Score - Sample Calculation**

To compute the final suitability score, sum the weighted values of each assessment component and multiply by 10.

$$\text{Final Score} = \left(\sum \text{Weighted Value}\right) \times 10$$

Example Calculation:

Final Score = (0.068 + 0.033 + 0.08 + 0.2 + 0.175 + 0.0533 + 0.2 + 0.02) x 10

Final Score = 0.829 x 10

*Final Score = **8.3*** *Result**: Passed***

◆ **Assessment Result Criteria**

To be considered as having passed the assessment, applicants must achieve a *minimum final suitability score of 7.5* out of 10.

Any score *below 7.5* will be classified as "*Failed*" and may require re-assessment or disqualification depending on internal recruitment policies.

IV. TROUBLESHOOTING and FAQs

a) Troubleshooting

1. I cannot access the system link. What should I do?

- Ensure you are connected to the internet.
- Check if the URL is correct:
  https://nbpo.teaconcepts.net/611P/public/admin
- Clear your browser cache or try a different browser.
- Contact IT support if the issue persists.

2. Login credentials are not working.

- Confirm that you are entering the correct username and password.
- Check for accidental spaces or caps lock.

- If you forgot your password, request a reset from the system administrator.

3. The system is loading slowly or timing out.

- Close other open tabs and applications to free up memory.
- Restart your browser or device.
- If the issue continues, report to IT for system status verification.

4. The assessment timer froze or reset.

- Refresh the page.
- If the timer does not resume, inform HR for manual validation or possible retake.

5. Audio in ASMC exams won't play.

- Ensure your device's sound is enabled and volume is up.
- Try another browser or device.
- Contact IT support for persistent issues.

6. Pop-up windows or modals not appearing.

- Allow pop-ups for the site in your browser settings.
- Disable any browser extensions that may be blocking scripts.

7. CSV report not downloading.

- Ensure your browser allows downloads.
- Check your “Downloads” folder or browser download bar.
- If the file still doesn't download, reload the page and try again.

8. Unable to update or add exam questions.

- Make sure all required fields are filled out in the modal.
- Refresh the page and try again.

b) Frequently Asked Questions (FAQs)

1. What's the passing score for applicants?

- The passing threshold is 7.5 out of 10. Applicants below this score are marked as failed.

2. Can applicants retake an exam?

- Only if all attempts are not yet used. If maximum attempts are reached, HR can reset the exam attempt manually.

3. How do I grade manually submitted exams?

- Click on the exam type (e.g., Verbal, Mock Call) to view responses. Red dots indicate manual grading is required.

4. Can I export applicant data?

- Yes. You can export applicant lists from the "Evaluated" or "All Applicants" tab using the CSV icon.

5. What should I do if the WPM test shows no result?

- Check if the applicant completed the test. If the result is blank, they may have exited early or had technical issues. You may allow a retake upon validation.

6. Is applicant data secure?

- Yes. All data is stored securely and access is restricted to authorized personnel. The system complies with the Data Privacy Act of 2012.

7. Can I track how many attempts an applicant has used?

- Yes. When viewing an applicant's exam result, the number of attempts used is displayed in the upper-right corner of the pop-up modal.
